

DESIGN IN COLOUR

A distinctive house at Medlands Beach on Aotea has a pleasantly poppy colour scheme.

The marker-like roof of this little bach appears above the sand dunes at Medlands Beach. It's a cheerful house, at home in its context, and a little bit nautical.

Inside, Resene Black White makes an ideal ceiling, bouncing light around the tall space. In the kitchen, natural plywood cabinetry is offset with high-lights of Resene Clementine Orange and Resene Cooled Green from the Karen Walker Paints collection. And in the bathrooms, cabinetry is picked out in Resene Black White and Resene Quarter Powder Blue.
