

Above: Resene SpaceCote Low Sheen Double Spanish White was used for the interiors, with an accent wall in Resene SpaceCote Low Sheen Prairie Sand introduced in the living areas.

Facing page: Environmentally sound Resene X-200 waterproofing membrane in Resene Double Doeskin graces the home's exterior.

Given the exposed location and focus on a low maintenance, eco-friendly home, Resene paints were used throughout.

On the exterior, the Environmental Choice-approved finish, Resene X-200 waterproofing membrane was used in Resene Double Doeskin, with fascias in Resene X-200 tinted to Resene Bronze and soffits in Resene X-200 tinted to Resene Spanish White.

Interior walls and skirtings are in Resene SpaceCote Low Sheen tinted to Resene Double Spanish White from the Range Whites & Neutral fandeck. The ceilings are in Resene SpaceCote

Flat tinted to Resene Rice Cake, chosen to avoid light reflections in the home.

Resene SpaceCote is an Environmental Choice-approved, low-odour waterborne enamel. Durable and washable, its reduced side sheen minimises surface imperfections.

To help with your own colour selection, Resene releases a new The Range fashion fandeck each year. The latest, with over 150 colours, illustrates shades that work well together.
