

Resene Roof and Metal Wash

liquid concentrate

Resene Roof and Metal Wash is the ideal pre-treatment for painted and unpainted galvanised steel and for general cleaning of any previously painted surface.

exterior

Typical uses

- New, painted, weathered galvanised steel
- Painted surfaces

Type	Blended surfactants and cleansers
Form	Aqueous solution
Solvent	Water
Solution viscosity	Water thin
Colour	Colourless
Dilution	One part Resene Roof and Metal Wash to three parts freshwater
VOC	97 grams per litre Dipropylene Glycol Monomethyl Ether (see Resene VOC Summary)

Physical properties

Application

1. Provides an immediately cleaner surface.
2. Helps maintain the longevity of the paint finish.

Precautions

1. Do not add Resene Roof and Metal Wash to paint.
2. Mild steel and aluminium are attacked by Resene Roof and Metal Wash and are unsuitable materials for either storage or application equipment.
3. Ensure product is well rinsed off glass surfaces. Concentrated product left on glass surfaces may etch the surface.

Please ensure the current Data Sheet and Safety Data Sheet are consulted prior to specification or application of Resene products. View Data Sheets online at www.resene.com/datasheets. If in doubt contact Resene.
