

## Turn your walls into blackboards and chalkboards with Resene

### Choose a blackboard

Resene FX Blackboard Paint is a premium washable waterborne finish that can be used to create a blackboard finish inside or out.

### Or opt for a coloured chalkboard

Resene FX Chalkboard Paint is a premium washable waterborne finish that can be tinted to a range of Resene colours to create a chalkboard finish inside or out. Choose from the selection shown on the other side this leaflet, or any other colours from Resene mid or deep base. For more colour options, Resene SpaceCote Low Sheen may also be tinted and used as a chalkboard finish.

### It's easy

Simply prepare and prime, if needed, and apply two coats of Resene FX Blackboard Paint or Resene FX Chalkboard Paint in your chosen colour.

If space is limited combine Resene FX Magnetic Magic as the basecoat and Resene FX Blackboard Paint or Resene FX Chalkboard Paint for the topcoats and create a versatile magnetic blackboard.

Once you've done the hard work, you can decorate it to your heart's content with chalk.

Cleaning up is child's play... just dust the chalk away.

Ideal for homes, offices, businesses and schools.
