Resene kids art with Mark Rayner – 51

You will need:

- A clipboard
- Gold glitter
- Paintbrush
- Puppy stickers
- Red heart stickers
- Resene Art Action glaze (gloss)
- Resene Quick Dry waterborne primer undercoat
- Resene testpot of Resene Cabaret

Step one

Prime the clipboard with one coat of Resene Quick Dry and leave for one hour to dry.

Step two

Paint the clipboard with two coats of Resene Cabaret, allowing two hours for each coat to dry.

Step three

Mix the glitter into the Resene Art Action glaze and apply one coat to the clipboard. Leave to dry for a couple of hours.

Step four

Apply the puppy and heart stickers to the clipboard, as shown, pressing them down firmly – then get organising!

It's fun to jazz up an old clipboard with some cute puppy stickers and some paint from Resene.

Top tip:

Stickers like these are available at most craft shops and discount stores.

Here's another idea:

Try using a basecoat of Resene Optimist with blue and green glitter mixed with the Resene Art Action glaze.
