Resene kids art with Mark Rayner – 71

You will need:

- Artists' paintbrushes
- Piece of coloured card
- Resene Testpots of Resene Japanese Laurel, Resene Light Tan and Resene Yellow Sea

Step one

Fold the piece of card in half to make a crease down the middle and open it back out. On one side of the fold, paint half a pineapple shape using Resene Yellow Sea, as shown.

Step two

On the other side of the fold, paint a few spiky leaves using Resene Japanese Laurel, as shown.

Step three

Paint a few blobs of Resene Light Tan over the pineapple shape, as shown.

Step four

Fold the card back in half and press together firmly. Leave for a few seconds and open it back out to reveal your fruity masterpiece!

Create this clever pineapple picture using coloured card and a few Resene testpots.

Top tip:

Be sure to work quite quickly when applying the paint as you don't want it to dry out before you fold the card.

Here's another idea:

This juicy strawberry was painted in the same way using Resene Kermit, Resene Mai Tai and Resene Pulse.
