Resene kids art with Mark Rayner – 74

### You will need:

- Magazine photographs of a cat, hair, jewellery, and large mouth
- Piece of MDF
- Resene Art Action glaze (gloss)
- Resene Quick Dry waterborne primer undercoat
- Resene Testpots of Resene Clowning Around and Resene Sassy
- Scissors
- Silver sequins

**Step one**  
Prime the MDF with one coat of Resene Quick Dry and allow to dry for two hours.

**Step two**  
Paint the MDF with one coat of Resene Sassy and allow two hours to dry. Paint the MDF with a second coat of Resene Sassy and, before it dries, paint a band of Resene Clowning Around across the base, as shown, allowing the two colours to blend. Leave to dry for two hours.

**Step three**  
Cut out the assortment of magazine photos, as shown – you might need a grown-up to help with this bit.

**Step four**  
Apply a generous coat of Resene Art Action glaze across the centre of the MDF, as shown.

**Step five**  
Place the cat cut-out onto the wet Resene Art Action glaze and press down firmly, smoothing out any wrinkles. Repeat with the jewellery, hair and mouth cut-outs, as shown. Allow to dry for two hours.

**Step six**  
Using the sequins and Resene Art Action glaze, write the words 'Glamour Puss' across the painting, as shown. Allow to dry for two hours. Meow!!!

### Top tip:

You could also add glitter to the Resene Art Action glaze for extra sparkle.

### Here's another idea:

This hot dog collage was made using a mixture of Resene Alabaster, Resene Havoc and Resene West Side.
