

Waitakere MEGA Centre

Auckland

Exterior retail environments with their expansive unbroken surfaces of colour are often a magnet to unwanted graffiti. In an effort to freshen and modernise a drab shopping centre creating a more inviting and welcoming entrance for customers, colour blocking was introduced on vertical space.

With a bold fresh approach to standard white or blank walls, greyed hues of

Resene Triple Rakaia, Resene Double Concrete, Resene Half Baltic Sea and Resene Concrete are accented with striking **Resene California, Resene Guggenheim, Resene Kombi, Resene Pukeko, Resene Tweet, Resene Big Bang, Resene Seeker, Resene Knock Out, Resene Stingray, Resene Southern Cross, Resene Impromptu, Resene Smitten, Resene Red Hot and Resene Home Run.**
